Policy Statement

The Education Alliance Multi-Academy Trust (MAT) Vision

The Trust has educational excellence at its heart and is committed to improving the lives of **all** students by helping them to become keen learners who aspire to achieve their best and are passionate about education, seeing learning as an exciting journey that they will continue throughout their life.

The Trust is committed to supporting schools in the Yorkshire and Humber region to come together to form collaborative partnership clusters to develop a shared method of working that helps schools develop local solutions which ensure **every** student, irrespective of need, receives the best education and has high aspirations for their own future. SEND forms part of a wider inclusion brief bringing a more coordinated approach to a wide range of support initiatives under the four broad areas of need:

- Cognition and learning
- Communication and interaction
- · Social, emotional and mental health difficulties
- Sensory and/or physical needs

Trust Aims and Objectives

The Trust policy together with individual school procedures will enable primary and secondary schools in the Trust to work together in a mutually beneficial way to sustain excellence in learning and teaching for students with SEND through innovation, collaboration and on-going professional development. We believe passionately in the limitless potential of all our students and we strive to ensure that every student, whatever their needs, is successful in achieving their own personal goals through appropriate personalised support and intervention.

The well-being, personal development, progress and success of every child within the Trust is of the greatest importance and this requires:

- The students to be at the centre of initiatives to improve attainment and progression
- An environment where Trust staff can collaborate to improve the quality of provision
- The open exchange of information and the sharing of expertise across the Trust and within partnership clusters

Trust Values

The values of the Trust are integral to supporting students with a SEND and will provide:

- A student with every opportunity to reach their full potential
- Recognition of the limitless potential of all with no "one size fits all" approach to support
- An Inspiring and challenging environment for students, generating a life-long love of learning
- Inclusive practice ensuring provision matches need through diagnostic assessment and specialist consultation within a hierarchical response
- An innovative environment where new interventions and resources are embraced and initiated in a culture of continuous improvement
- An on-going drive to achieve academic and personal success
- Ways to work in partnership to improve opportunities for all students in the wider community.

•	The sharing of good practice within an appropriate and continuous cycle of continued professional development (CPD)

Trust Expectations

All schools within the Trust will publish on their website an SEND Information Report in compliance with the SEND Code of Practice 2014 (6.79) and this report will be updated annually at the start of the new academic year.

This policy complies with the regulations of the Children & families Act 2014 and the revised SEND Code of Practice 0 - 25 years 2014 which requires schools to provide:

"High quality teaching that is differentiated and personalised and will meet the individual needs of the majority of children and young people. Some children and young people need educational provision that is additional to or different from this. This is special educational provision under Section 21 of the Children and Families Act 2014. Schools and colleges must use their best endeavours to ensure that such provision is made for those who need it. Special educational provision is underpinned by high quality teaching and is compromised by anything less."

Code of Practice 1.24

Definition of SEN

"A young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Children and young people who have SEN may also have a disability under the Equality Act 2010. Where a young person is covered by SEN and disability legislation, reasonable adjustments and access arrangements should be considered as part of the SEN planning and review."

Code of Practice 2014

Children identified as having a SEN fall into one of two categories:

1. SEN Support (K)

These students require some form of additional support over and above the normal curriculum e.g. reading support, Social Skills group.

2. Education Health Care Plans (EHCPs)

A minority of students will have a statutory document of special educational need which sets out the need and the arrangements to support that student in school. The EHCP is a legal document and the school must follow its guidance.

The Trust policy sits with the individual school's SEND procedures incorporating:

- Identification of need
- The Graduated Response
- Internal / external support provision
- Accessibility
- Monitoring and Evaluation
- Home / school links
- Trust links
- Contact points

Hunsley Primary Procedures and Processes

Roles and Responsibilities

School Leaders (Headteacher):

- Must display the policy clearly on the school website for parents and other stakeholders to read
- Must ensure that all staff in school have access to and understand the policy.
- Must ensure that parents / carers are informed and involved in SEND provision for their child and that their voice and the voice of the child are heard in the provision and review of support.
- Must ensure the above information informs school self-evaluation processes.
- Must ensure that all staff are trained to deliver highest standards of teaching and learning for all pupils, in accordance with the Code of Practice.
- Must ensure that standards of provision are monitored and evaluated to ensure best practice in SEND provision is maintained.
- Must ensure that external agencies and professionals are fully involved in the processes where appropriate and that appropriate expertise is sought where needed.

Staff:

- Must read and adhere to the policy
- Must meet the expectations upon all staff to offer Quality First Teaching in Wave 1 which meets the needs of all pupils.
- Must engage in professional development which enhances their understanding and expertise regarding the Areas of Need and how to identify special educational needs.

Local Governors:

- Must ensure that the school has a SEND Policy and that it is regularly reviewed every year
- Must ensure that there is a member of the Senior Leadership Team that has specific responsibility for the policy (e.g. Headteacher)

 Must ensure that the effectiveness of the Policy is regularly monitored and that this is reported to the Hunsley Primary Local Governing Body by a dedicated link governor

Equality, Inclusion and Diversity

Hunsley Primary is committed to:

Eliminating discrimination and promoting equality, INclusion and diversity in its policies, procedures and guidelines.

Delivering high quality teaching and services that meet the diverse needs of its pupil population and its workforce, ensuring that no individual or group is disadvantaged.

1. Vision, Values and Ethos

Vision: Our Commitment

Hunsley Primary is committed to being an innovative, stimulating, forward-thinking free school that makes the most of its freedoms to impact positively on pupils' lives in the community and provide opportunities for all its children to make outstanding progress. Hunsley Primary children are capable, confident and creative thinkers and motivated, resilient, problem-solving learners.

Values: Our Children

At Hunsley Primary, we believe that every child is an individual, ready, able and eager to learn, and as such a member of the team. We are a fully inclusive school and we view every child as unique; we believe that all learning activities should be personalised and challenging to meet all pupils' needs and that every child should receive the care, guidance, nurture and robust support they need to overcome disadvantage or barriers to learning. It is our prime aim that all children make their best progress in an enabling learning environment, in the presence of their peers and the security of positive relationships with those around them. Our highly-trained expert classroom practitioners, from teachers, TAs, volunteers to associate Trust staff, ensure that all children have the chance to work, discuss and learn with professionals who are passionate about education.

By ensuring our children become responsible for directing, sustaining and reviewing their own learning, taking responsibility for critiquing their own and each other's work and for setting ambitious challenges, we aim to embed an understanding of the importance of refining work to its best point so that children feel a sense of high achievement as a result of the feedback they receive.

By maximising the benefits of our close relationship with South Hunsley School and Sixth Form College and its subject specialists, we aim to secure a continuum of learning and a depth of conceptual understanding necessary for excellent progress in all curriculum areas, leading to the highest achievement at Key Stage 2, GCSE and A Level and, in due course, access to the most aspirational HE institutions, courses and professions for all children.

Ethos: Our Teaching and Learning Rationale Engagement, Enjoyment, Discovery, Reflection, Achievement

Our aim is to deliver teaching and learning which meets the needs of every single pupil in school, basing our planning on rigorous assessment and observation, mapping out challenging, supportive next steps. We plan our curriculum activities and our personalised teaching and learning approach to match the following rationale:

- Flexible, personalised timeframes for learning, based on excellent pupil-centred teaching teachers highly conversant in the complexities and specialisms of their practice
- Real learning themes and deep-thinking investigations, which prepare our pupils for 21st Century living and engage them in learning with enjoyment and passion
- Inspirational and challenging learning activities, which have the principles of scientific enquiry and investigation ('working scientifically') at their core, generating a lifelong love of learning, enquiry and discovery and a systematic means of approaching challenging and new tasks
 A union of partnerships with cross-phase, multi-agency and multi-disciplinary expertise for planning, delivery, monitoring and review, to ensure each child has every opportunity to build successfully on their learning from 4 to 19, removing barriers to engagement and development
- Pupil resilience, independence, confidence and readiness to meet the rigours of education, through to university and beyond, and the demands of living and working in a rapidly-changing technological world
- Innovative, immersive and inclusive learning resources, combining the best of expert input, outdoor, hands-on, experiential learning and digital interfaces, to give pupils every opportunity to aspire to their full potential.

Systems and Processes Identification of Need

- Typically, identification occurs through routine assessment activities and data collections, visits to the feeder pre-schools, transitional review meetings (where appropriate), pupil induction days and through parents' progress evenings
- For pupils transferring from out of catchment, mid-term or joining the school after Reception, information is requested from parents, pupil, external agencies (if applicable) and the previous school
- Identification also occurs through any necessary additional testing (deemed necessary through discussion with classroom teachers, Key Stage leaders and parents)
- At Hunsley Primary, we believe that withdrawal from lessons for support should be minimised to
 ensure that the pupil remains in a familiar environment, included with their peers in the group's
 learning, and has access to the classroom teacher and the activities taking place within the whole
 group. This creates the conditions conducive to rapid progress.
- A Needs Matrix document is used to help identify and understand the specific aspects of a child's
 presenting needs and whether further advice or assessment is required by an external professional,
 e.g. Educational Psychologist

SEND Support

- All pupils given intervention support, from a Teaching Assistant for example, have a pre and post assessment to assess the progress they have made
- At the end of an intervention period progress is assessed and the decision is taken as to whether more support is needed or not. This may result in another intervention being implemented or the pupil being removed from SEND Support.

- Additionally, there are two whole school data collections every year (February and July) and the progress of the SEND Support (K) pupils is closely monitored by teachers and school leaders to ensure these pupils are reaching their predicted target grades.
- SEND support plans (Individual Support Plans) track a child's progress through their support and intervention with SMART targets.

EHCP reviews

An annual review of an EHCP is carried out in accordance with statutory arrangements and the Local Authority processes.

Support arrangements are discussed with parents and the pupil (as appropriate) to ensure resources are being used to maximum effect.

Learning Support Provision

Learning Support provision is delivered by Hunsley Primary teaching staff including support staff (e.g. TAs), to ensure that the best possible level of expertise and educational support is on offer to each pupil.

Physical, Medical and Sensory Support Provision

Where a child has additional physical, sensory or health needs which are supported by EHCP or SEND Support, staff will be given additional training in line with the school's Medicines in School Policy, to be able to deliver and provide a high level of care specific to the child's needs.

The Headteacher at Hunsley Primary manages the day-to-day work of the TAs to coordinate provision for SEND, advise the teaching staff on a graduated response to pupil need, liaise with external agencies and parents, coordinate transitional arrangements, maintain records and monitor the progress and attainment of all SEND pupils.

Examples of school-based support provision

- In-class support
- Small group work
- · Literacy intervention
- Numeracy intervention
- Reading Support
- SALT sessions
- · Computer-based sessions for dyslexic pupils, e.g. Lexia
- IT resources (apps, programs, laptops & tablets)
- Lunchtime clubs (supervised)
- Social Skills groups
- Personal care
- Physiotherapy
- EAL programmes (EAL English as an additional language)
- External Assessment concessions
- Quality First Teaching (QFT) Mainstream teachers provide an initial 'first wave' graduated response to concerns raised about a pupil.

The graduated response – Quality First Teaching (QTF)

Where a concern is raised about a pupil in class the first step is for the class teacher to assess the pupil's needs in that area and create an appropriate plan of action to be implemented in the classroom over a finite period of time at which point progress will be reviewed. The teacher's response should follow the following structure:

- Assess
- Plan
- Do (this may involve, for example, the intervention support offered by a TA)
- Review

QFT is the expectation that most issues can be resolved by the teacher applying an appropriate support strategy.

If the problem remains unresolved after appropriate support strategies have been tried, then the teacher will seek the advice of the SENDCo / Inclusion Lead who will work collaboratively with the teacher to explore other forms of support.

Examples of External Support

The schools of the Trust work routinely with the following agencies:

- EIS (Education Inclusion Service includes educational psychology)
- SALT (Speech & language Therapy)

- SAPTS (Sensory and Physical Teaching Service)
- CAMHS (Child & Adolescent Mental Health Service)
- YFSS (Youth & Family Support Service)
- Social Services
- Physiotherapy / Occupational Therapy
- · NHS neurodiversity assessment team

Physical Access

- All areas of the buildings on site have ground floor classroom access and further access adaptations are offered where necessary, e.g. ramps for access
- Classroom adaptations are offered where necessary, e.g. height adjustable tables placed in appropriate classrooms.
- The school sets out its accessibility in the Access, Inclusion and Diversity Plan

Links to further support SEND provision

Home / School Links

- Parents' Progress evenings and Consultation Events
- Induction evening
- ParentLearn workshops
- Home / school reading schemes
- Individual Support Plan review meetings (Progress reviews)
- Annual reviews
- Individual arrangements where appropriate and depending on need
- Letters, phone calls and use of the planner are on-going. Parents are encouraged to contact the school if they have any concerns; usually the first point of contact is either the SENDCo or the pupil's class teacher

Hunsley Primary Partnership Links

- Half termly meeting of all partnership SENDCos at South Hunsley School feeder primaries which
 includes all feeder primary schools, St Anne's Special School, the SENDCo at South Hunsley and the
 educational psychologist for the partnership.
- Trust level support from the designated Trust SENCO
- The transition process for SEND pupils begins in the summer prior to Reception with a transitional review and individual transitional arrangements are made as required.
- In Y6 there is an additional Induction Day for identified pupils, which precedes the main induction day to secondary. For some pupils a series of visits may be needed to help with the adjustment to secondary school. Arrangements are personalised as necessary.

Monitoring of Compliance with and Effectiveness of the Policy

The **Board of Trustees of The Education Alliance** is responsible for the final approval of the overarching Trust policy which links to this school policy.

The **Local Governing Body of Hunsley Primary** is responsible for ensuring that this school policy and procedure is implemented fairly, consistently and objectively.

The **Headteacher of Hunsley Primary** is responsible for overseeing the introduction, implementation, monitoring and review of this policy.

Review

This policy will be reviewed annually.

	1	To be completed by school		
Location of inhaler / school (*where require		staff within close proximity to child at all t	imes.	
ı	nstructions for use of the relieve	er inhaler in school (please tick all appropr	iate statements)	
☐ My child does not understand the	proper use of his/her inhaler and	I requires help to administer		
☐ My child understands the proper u	se of his/her asthma medication	and, in my opinion, can use their inhaler in	ndependently.	
\square I give consent for school to support	my child in using their inhaler, s	should this be required in a medical emerge	ency.	
	School 'S	Salbutamol' Emergency Inhalers		

an existing diagnosis of asthma or those children prescribed an inhaler as a reliever medication, if the pupil's own prescribed inhaler is not accessible or malfunctions.

Hunsley Primary has three Salbutamol CFC Free 100mcg inhalers for emergency administration.

□ I give my consent for school to use the emergency 'Salbutamol' inhaler, in accordance with the Human Medicines Regulations, 2014, if my child's own

Permissions and Responsibilities

I give permission for school personnel to share this information with all school staff, follow this plan and administer my child's prescribed asthma medication.

If necessary, I also give permission for the school to contact our GP/School Nurse and in the case of an emergency, this plan may be passed to medical professionals.

I assume full responsibility for providing the school with prescribed medication and delivery devices. I approve this Asthma Care Plan for my child and agree to update school as necessary with any changes to information relevant to this plan.

SIGNS OF ASTHMA ATTACK¹

- Persistent cough (when at rest)
- A wheezing sound coming from the chest (when at rest)

prescribed inhaler is not available or malfunctions.

- Difficulty breathing (the child could be breathing fast and with effort, using all accessory muscles in upper body)
- Nasal flaring
- Unable to talk or complete sentences some children will go very quiet
- May try to tell you that their chest 'feels tight' (younger children may express this as tummy ache)

NB Not all symptoms need to be present for a child to be having an asthma attack

IF A CHILD PRESENTS WITH ANY OF THE FOLLOWING — CALL AN AMBULANCE IMMEDIATELY ABD COMMENCE ASTHMA ATTACK PROCEDURE WITHOUT DELAY

- Appears exhausted
- Has blue/white tinge around lips
- Is going blue
- Has collapsed

WHAT TO DO IN THE EVENT OF AN ASTHMA ATTACK

- Keep calm and reassure child
- > Encourage the child to sit up and slightly forward
- > Use the child's own inhaler if not available, use emergency inhaler (prior consent from parent must be documented)
- Remain with the child while the inhaler and spacer are brought to them.

IMMEDIATELY HELP THE CHILD TO TAKE TWO SEPARATE PUFFS OF SALBUTAMOL VIA THE SPACER

If there is no immediate improvement, continue to give

TWO PUFFS AT A TIME EVERY TWO MINUTES, UP TO A MAXIMUM OF 10 PUFFS

IMPROVEMENT

Stay calm and reassure the child. Stay with the child until they feel better. The child can return to school activities when they feel better.

Document medication given. Dose may be repeated if symptoms return. However, if

this is within 1 hours contact parants as

NO IMPROVEMENT

If the child does not feel better or you are worried at **ANYTIME** before you have reached 10 puffs, **CALL 999 FOR AN AMBULANCE**

¹ With reference to the East Riding School Medicines training and documentation. The information in this flowchart is taken from the Department of Health 0 *Guidance on the use of emergency salbutamol inhalers in schools (March 2015)*

<u>https://www.gov.uk/government/publications/emergency-asthma-inhalers-for-use-in-schools</u>

If an ambulance does not arrive in 10 minutes GIVE ANOTHER 10 PUFFS IN THE
