

Hunsley Primary Statement Regarding Sport Premium Spending and Pupil Engagement in School Sports

What is the Sport Premium?

The Sport Premium is grant funding which comes directly to schools to spend on the development and improvement of physical education and sports in primary schools. It is paid to schools which have Key Stage 1 and 2 pupils on roll.

Funding for 2017 to 2018

- Schools with 16 or fewer eligible pupils receive £1,000 per pupil.
- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

How to use the PE and Sport Premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

Hunsley Primary Sport Premium Spending Plan 2017-18

Schools should use the premium to:

- develop or add to the PE and sport activities that school already offers
- make improvements now that will benefit pupils joining the school in future years

For example:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
- run sport competitions
- increase pupils' participation in the School Games
- run sports activities with other schools

Schools should not use the funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of core staffing budgets
- teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach the existing PE curriculum)

Our Vision for Sport and Physical Education at Hunsley Primary

The school believes that the opportunity to take part in sports and physical activities is the right of every child, regardless of age, gender, ability or interest. It is the school's obligation to ensure all children are offered regular, meaningful opportunities to participate in physical sports and that all children are encouraged to do so, their personal achievements celebrated, both as individuals and as a team. The school's motto is 'We are a Team!' which is fitting in all areas of the curriculum, but especially team sports and physical activities, and we extend this team ethos to our teaching colleagues at the secondary school by engaging as often as possible with whole school sports clubs and events at South Hunsley and working closely with the PE staff and Community Sports Leaders to provide our pupils with engaging activities and role models to deliver them. Such activities raise the levels of engagement in sports in our young children and consequently raise the sense of wellbeing and involvement, as well as, more broadly, their overall achievement academically: we identify there is a link between full engagement in sports, a sense of wellbeing and good levels of attendance.

Hunsley Primary has three priorities for the development of Physical Education and Sports in 2017-18:

To raise the level of participation in diverse sports activities for all children

- Provision of workshop and coaching opportunities and to support the future development of sports opportunities in our newly built school
- Provision of resources and equipment which are forward-looking for the growth of the school, but which also offer a wider range of sporting development than might otherwise be accessible in the temporary school building
- To enable access to a range of engaging sporting spaces and resources throughout the year and to model the use of these to Hunsley Primary staff through contact with coaches and trained PE teachers

To enable the Year 2 children to participate in competitive inter-school sports activities

- Development of effective partnerships and links with other schools
- Development of relationships with role models through sport (e.g. the Tigers' Trust, School Sports Leaders and Sports Captains)
- Establish a culture of sports enjoyment that will move the children forward into Year 3

To identify talent and support specific needs across the school, but specifically to enable a much more personalised delivery of differentiated PE sessions which can stretch and challenge children of all levels of skill, ability and potential

- Provide a range of professionals to work with children in large and smaller groups
- To coach primary staff in specific skills in order for them to be able to then coach the pupils who need support and those who need challenge
- To create a point of comparison between sports, so that children might find areas of specialism and also might develop preferences and specific interests which they go on to further as they move through the school in order to develop at a higher level of sport performance, e.g. competitively

Measuring the Impact of the Sport Premium

Impact will be measured in the following ways:

- Progress of individual pupils in PE (Otrack / Classtrack)
- Progress of groups of pupils in PE, e.g. girls (Classtrack)
- Engagement of pupils in extra-curricular PE activities in school and beyond
- Achievement of pupils in PSHE Health and Wellbeing (Classtrack)
- Achievement of pupils against the Hunsley Primary Characteristics of Learning across the year
- Feedback from staff members regarding the effectiveness of CPD (M&E: Staff CPD feedback forms)
- Judgements of Teaching, Learning and Assessment in PE lessons (M&E: lesson observations and zoning)
- Feedback from Community Sports Leaders, parents and pupils (M&E)
- Attendance figures for all children
- The development and longevity of partnerships with external agencies and groups
- Participation in competitions organised by school
- Participation in clubs and activities organised by home
- Attendance of parents at school Sports Day events.

How we will make the impact of the Sport Premium sustainable and how will the children benefit from the funding

- We will use it to add to and develop existing sports equipment and activities, including introducing new sports which the Trust is aiming to encourage and develop (for example, sports for inclusion and for those pupils with special needs)
- We will plan out our longer term use of the funding for the benefit of pupils joining the school in the future, especially our new school which will require setting up of PE learning and playing spaces, for example line markings indoors and outdoors
- Look to develop a sustainable competitive element with regard to sports and our growing relationship with partner schools and the children progress from Year 1 to Years 2 and 3, and above
- We will develop a culture of sports participation and enjoyment, so that the school's children and staff embrace physical activity, competitive and non-competitive sports and develop a team ethos across the Trust partnership of sharing expertise between staff

Sport Premium for 2017-18

HUNSLEY PRIMARY ONLY HAS RECEPTION AND KEY STAGE 1 CHILDREN, SO ONLY 56 CHILDREN (YEAR 1 AND 2) ARE ELIGIBLE

56 eligible pupils: £10 per pupil plus £16,000 = £16,560 (this covers the number of pupils registered in school in the October 2017 census)
