

Building Bricks

Building Bricks @ Hunsley Primary School

Building Bricks @ Hunsley Primary School is Ofsted registered and opened in September 2015. We provide before and after school care for the children who attend Hunsley Primary. We offer a happy, play-based, safe and stimulating environment, where children are able to develop emotionally, socially, intellectually and physically, in an atmosphere of mutual respect and encouragement. We support children to become independent, self-disciplined and caring. We provide them with a calm and relaxing environment at the beginning and end of a challenging school day. We involve children in lots of decision making regarding the games and activities they wish to be involved in and the food they are offered at breakfast and snack-time.

We plan and provide a wide range of indoor and outside activities for the children to take part in to suit all interests and learning styles. Quiet areas are also provided for those wishing to take time out for themselves to rest and relax.

Learning Environment: We offer the opportunity for children to learn through play during indoor and outdoor activities. For example, role-play, stories, music, craft, sensory activities, investigation, science, math's and language activities. We supply a wide range of appropriate educational toys and resources.

Parent Partnership: Partnership with parents is an important feature of our ethos which facilitates a successful, nurturing environment for all children. We value your ideas, suggestions and contributions to the care we provide.

Breakfast: Staff ensure that the children are offered fresh and healthy food, prepared on site to help them to have the energy to take on the challenges of the school day. Items offered include, a choice of cereals, fruit, pancakes, brioche, crumpets, yoghurts and toast. We only offer water or milk to drink.

After School Snack: Children are offered a light snack after school and menu items include, beans on toast, pasta bake, cheese and crackers, sandwiches, fruit, and salad.

Staff: The majority of our Staff are qualified. All attend Safeguarding and Paediatric first aid training and are very experienced. We are committed to ongoing staff training and development, both internally and externally. Reception children will each be allocated a **key person**, who maintains links with you and your child's teacher and monitors your child's interests, progress and achievements.

Activities: Staff, teachers and children are included in the activity planning process to ensure that learning is linked, interests are built upon and ideas valued.

Partnership Links: Staff at Building Bricks@ Hunsley work closely with the teaching staff at Hunsley Primary to ensure that our planned activities complement those taking place within school. We have daily conversations to ensure that all relevant information regarding your child is shared to provide the best quality care and learning.

Admissions: Children start at 4 years old and their place will be secured once you have completed the registration forms and paid an administration/joining fee of £25.
