

## Hunsley Primary Statement Regarding Sport Premium Spending and Pupil Engagement in School Sports 2018-19

### What is the Sport Premium?

The Sport Premium is grant funding which comes directly to schools to spend on the development and improvement of physical education and sports in primary schools. It is paid to schools which have Key Stage 1 and 2 pupils on roll.

### Funding for 2018 to 2019

- Schools with 16 or fewer eligible pupils receive £1,000 per pupil.
- Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil.

### How to use the PE and Sport Premium

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer.

## Hunsley Primary Sport Premium Spending Plan 2018-19

Schools should use the premium to:

- develop or add to the PE and sport activities that school already offers
- make improvements now that will benefit pupils joining the school in future years

For example:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
- run sport competitions
- increase pupils' participation in the School Games
- run sports activities with other schools

Schools should not use the funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of core staffing budgets
- teach the minimum requirements of the national curriculum - including those specified for swimming (or, in the case of academies and free schools, to teach the existing PE curriculum)

### **Our Vision for Sport and Physical Education at Hunsley Primary**

The school believes that the opportunity to take part in sports and physical activities is the right of every child, regardless of age, gender, ability or interest. It is the school's obligation to ensure all children are offered regular, meaningful opportunities to participate in physical sports and that all children are encouraged to do so, their personal achievements celebrated, both as individuals and as a team. The school's motto is 'We are a Team!' which is fitting in all areas of the curriculum, but especially team sports and physical activities, and we extend this team ethos to our teaching colleagues at the secondary school by engaging as often as possible with whole school sports clubs and events at South Hunsley and working closely with the PE staff and Community Sports Leaders to provide our pupils with engaging activities and role models to deliver them. Such activities raise the levels of engagement in sports in our young children and consequently raise the sense of wellbeing and involvement, as well as, more broadly, their overall achievement academically: we identify there is a link between full engagement in sports, a sense of wellbeing and good levels of attendance.

### **Hunsley Primary has two priorities for the development of Physical Education and Sports in 2018-19:**

- 1) To raise the level of participation in diverse sports activities for all children**
- 2) To build the inclusivity and breadth of our resources and facilities at the new school site on Bluebird Way and develop the range of equipment available to the staff and pupils for future use**

### **We aim to do this via the following means:**

- Provision of workshop and coaching opportunities and to support the future development of sports opportunities in our newly-built school
- Provision of resources and equipment which are forward-looking for the growth of the school, but which also offer a wider range of sporting development than might otherwise be accessible in the temporary school building
- To enable access to a range of engaging sporting spaces and resources throughout the year and to model the use of these to Hunsley Primary staff through contact with coaches and trained PE teachers
- To develop staff skills and range of provision offer by training staff alongside coaches and PE specialist teachers and jointly plan and map out provision to ensure a wide range of experiences are offered
- To enable the children to increasingly participate in competitive inter-school sports activities
- Development of effective partnerships and links with other schools
- Development of relationships with role models through sport (e.g. the Tigers' Trust, School Sports Leaders and Sports Captains)
- Establish a culture of sports enjoyment that will move the children forward
- Enable small group coaching for those who require greater support, challenge or stretch to reach their target outcomes and full capacity in sports
- Raise parental awareness and interest in sports outside of school to widen the reach of the funding through local sports groups and clubs connections (e.g. by providing taster sessions and workshops)

## Hunsley Primary Sport Premium Spending Plan 2018-19

- Provide a range of professionals to work with children in large and smaller groups
- To coach primary staff in specific skills in order for them to be able to then coach the pupils who need support and those who need challenge
- To create a point of comparison between sports, so that children might find areas of specialism and also might develop preferences and specific interests which they go on to further as they move through the school in order to develop at a higher level of sport performance, e.g. competitively

### Measuring the Impact of the Sport Premium

Impact will be measured in the following ways:

- Progress of individual pupils in PE (SIMS)
- Progress of groups of pupils in PE, e.g. girls (SIMS)
- Engagement of pupils in extra-curricular PE activities in school and beyond outside the school setting
- Achievement of pupils in PSHE Health and Wellbeing (SIMS)
- Achievement of pupils against the specific Behaviour for Learning 'involvement-related' Hunsley Primary Characteristics of Learning<sup>1</sup> across the year: Being Willing to Have a Go; Keeping On Trying; and Being Involved and Concentrating, which are all qualities we aspire for the children to

---

1

<b>Being willing to have a go</b>
<ul style="list-style-type: none"><li>• Initiating activities</li><li>• Seeking challenge</li><li>• Showing a 'can do' attitude</li><li>• Taking a risk, engaging in new experiences, and learning by trial and error</li></ul>
<b>Keeping on trying</b>
<ul style="list-style-type: none"><li>• Persisting with activity when challenges occur</li><li>• Showing a belief that more effort or a different approach will pay off</li><li>• Bouncing back after difficulties</li><li>• Engaging in open-ended activity</li></ul>
<b>Being involved and concentrating</b>
<ul style="list-style-type: none"><li>• Maintaining focus on their activity for a period of time</li><li>• Showing high levels of energy, fascination</li><li>• Not easily distracted</li><li>• Paying attention to details</li></ul>

develop as individuals and also as members of teams. We look for the number of children who achieve 1s and 2s at the end of the year – 1 being above expectation for age and 2 being in line with expectation for age.

- Feedback from staff members regarding the effectiveness of CPD and joint planning (M&E: Staff CPD feedback forms)
- Feedback from providers such as Tiger's Trust on the impact of their involvement – TT produce a formal report regarding impact at the end of the year as well as verbal feedback ongoing.
- Judgements of Teaching, Learning and Assessment in PE lessons (M&E: lesson observations and zoning)
- Feedback from Community Sports Leaders, parents and pupils (M&E)
- Annual attendance figures for all children in school
- The development and longevity of partnerships with external agencies and providers
- The recruitment of new external partnerships and providers
- Participation in competitions organised by school
- Participation in clubs and activities organised by school and at home
- Attendance of parents at school sports events
- Engagement of children in school sports fundraising events

#### **How we will make the impact of the Sport Premium sustainable and how will the children benefit from the funding**

- We will use it to add to and develop existing sports equipment and activities, including introducing new sports which the Trust is aiming to encourage and develop (for example, sports for inclusion and for those pupils with special needs)
- We will plan out our longer term use of the funding for the benefit of pupils joining the school in the future, especially our new school which will require setting up of PE learning and playing spaces, for example line markings indoors and outdoors
- We will look to develop a sustainable competitive element with regard to sports and our growing relationship with partner schools via the East Riding Sports Partnership and our link staff members and coaches
- We will develop a culture of sports participation and enjoyment, so that the school's children and staff embrace physical activity, competitive and non-competitive sports and develop a team ethos across the Trust partnership of sharing expertise between staff

**Sport Premium for 2018-19**

**HUNSLEY PRIMARY ONLY HAS 90 CHILDREN ELIGIBLE (Years 1, 2 and 3)**

90 eligible pupils: £10 per pupil plus £16,000 = £16,900 (this covers the number of pupils registered in school in the October 2018 census)

	<b>ACTIVITY</b>	<b>BUDGETED FUNDING BASED ON APPROXIMATE COSTS</b>	<b>ACTUAL COST CALCULATIONS</b>	<b>NUMBER OF PUPILS ENGAGING IN OR BENEFITING FROM ACTIVITY</b>	<b>IMPACT ON PROGRESS AND ENGAGEMENT</b>

Total		<b>Budgeted Costs</b> <b>£16,960</b>	Actual Costs including <i>at least</i> £2000 contribution from SLA / Services top slice: <b>17,059.68</b>		
-------	--	---	--	--	--

**Additional evidence of impact and outcomes:**

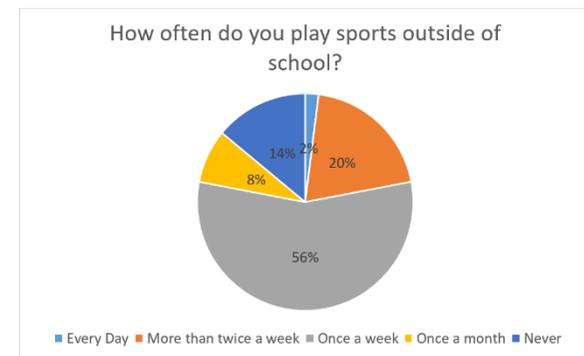

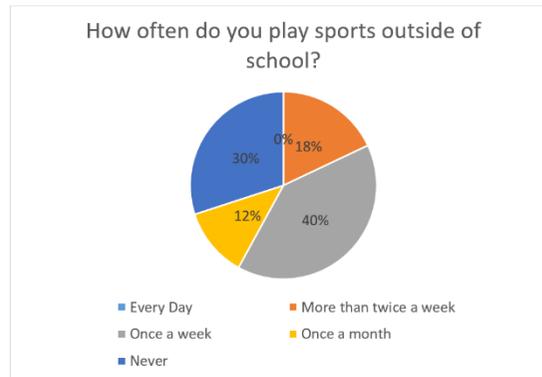

Below is further evidence of the data collected from pupils and families to express the impact of the Sports curriculum at Hunsley Primary on pupils' achievements, engagement and enjoyment, as well as their progress across the year. It is worth noting that, even though our small school has relatively low numbers of qualifying pupils, and 60% of those are in Key Stage 1, the data surrounding outcomes and feedback is highly positive. We start the pupils off in EYFS with two hours of timetabled PE per week and introduce the idea of Sports Leaders from the very outset of the Reception year, helping the school to build a high level of expectation from parents and pupils around the PE curriculum delivery model.

Figure 1b – Evidence of Engagement and Involvement in Sports<sup>2</sup>

Impact Summary	Start of the Academic Year	End of the Academic Year																								
<p>It is clear that the children have improved their enjoyment: by their own assessment, their enjoyment of PE has increased by 10% who 'love it' and the number who initially said they 'didn't like' PE has dropped from 24% to 8%.</p>	<p>How much do you enjoy PE?</p>  <table border="1"> <caption>How much do you enjoy PE? (Start of Year)</caption> <thead> <tr> <th>Category</th> <th>Percentage</th> </tr> </thead> <tbody> <tr> <td>I love it</td> <td>28%</td> </tr> <tr> <td>I like it</td> <td>30%</td> </tr> <tr> <td>It's okay</td> <td>18%</td> </tr> <tr> <td>I don't like it</td> <td>14%</td> </tr> <tr> <td>I really don't like it</td> <td>10%</td> </tr> </tbody> </table>	Category	Percentage	I love it	28%	I like it	30%	It's okay	18%	I don't like it	14%	I really don't like it	10%	<p>How much do you enjoy PE?</p>  <table border="1"> <caption>How much do you enjoy PE? <p>It is a really positive outcome that so many more children assess themselves to be 'quite good' or 'very good' at PE at the end of the year and that, by the end of the year, some children even assess themselves to be 'excellent'.</p>	<p>How good do you think you are at PE?</p>  <table border="1"> <caption>How good do you think you are at PE? <sup>2</sup> Taken from the Tiger's Trust Impact Study for Hunsley Primary 2018-19

The numbers of children engaged in sports each week outside school has also increased over the course of the year: 16% more children take a weekly sports activity and the number of children who engage in sports more than twice a week has also increased from 18 to 20%. 2% of children are now doing a daily sports activity out of school and the number of children who never engage in sports has decreased from 30% to 14%.

**Next Steps:**

We will seek to continue the positive reduction in numbers of children who never engage in sports by promoting and celebrating across the school and social media (Twitter and Facebook, as well as the school website) the kinds of activities our children are doing outside school.

**Out-of-school interests and achievements**
